Home Care Assistance Celebrates Opening of Barrie, ON Office with Ribbon Cutting Ceremony

Senior care leader, Home Care Assistance, will be hosting a Grand Opening Event sponsored by the Barrie Chamber of Commerce on Friday, October 12th from 2pm to 4pm

(Barrie, ON – September 26th, 2018) [Home Care Assistance of Barrie/Simcoe County](#), a leading provider of in-home care for seniors, is pleased to announce the grand opening of its office in Barrie, ON. The Grand Opening Event will be held on Friday, October 12th from 2pm to 4pm. The Barrie Chamber of Commerce will be conducting a ribbon cutting ceremony at 2pm followed by food and refreshments.

“I am excited to share what makes Home Care Assistance unique in the home care industry and I am confident we will be a great resource for seniors and others in the Barrie/Simcoe County community,” said Domenic Maccarone, owner of Home Care Assistance of Barrie. “At the Grand Opening Event we will be discussing and demonstrating our key differentiators such as our proprietary approach to aging and care, the Balanced Care Method™, our activities-based intervention program designed to delay cognitive decline, the Cognitive Therapeutics Method™, and our proprietary online HCA University, an online training platform for caregivers.”

Based on the scientific studies of the world’s healthiest seniors, the Balanced Care Method™ promotes five key lifestyle behaviors correlated with healthy longevity: healthy diet, physical exercise, active social ties, mental stimulation and a sense of purpose and calm. Caregivers are professionally trained to incorporate the Method into daily care to encourage healthy mind, body and spirit. For example, caregivers have access to healthy meal preparation training through the company’s online Home Care Assistance University.

We will be demonstrating the unique and proprietary Cognitive Therapeutics Method, an activities-based protocol that is designed to delay the onset and slow the progression of cognitive decline associated with various forms of dementia including Alzheimer’s, Vascular Dementia, Parkinson’s and Lewy Body disease. The practice addresses five cognitive domains in the brain including memory, language, attention, visual spatial relations and executive functions. This service is provided by our trained caregivers at no additional cost to our clients.

Barrie/Simcoe County Home Care Assistance is very selective in terms of screening and hiring caregiver applicants. Background checks, reference checks and work authorization are all completed along with Caregiver Personality Screening. The screening is used to verify applicants' suitability for a caregiving career by assessing traits such as honesty, kindness and conscientiousness. The agency views each client as if he or she were their own parent and spends time matching the client with the best skilled caregiver for his or her needs and personality.

Home Care Assistance provides hourly and live-in services, allowing seniors to remain safely in their homes. Having an experienced and professional caregiver in the home of the client also provides family members respite and peace of mind. Caregivers utilize a holistic approach to aging, encouraging independence and engaging clients in physical, mental and social activities, in addition to assisting with meal preparation, personal hygiene, bathing, medication reminders, transportation and more.

Home Care Assistance staff is available 24/7 to provide experienced, trustworthy caregivers to help with all home care needs for seniors: transportation, healthy meal preparation, companionship, socialization, activities, personal care, medication reminders and dementia care services.

Home Care Assistance of Barrie/Simcoe County communities can call 705-503-2273 or visit www.HomeCareAssistanceBarrie.ca to learn more about the company's superior in-home care services and schedule a free in-home assessment.
